SUBJECT: American Heart Association Pediatric First Aid Course

Dear Ms. Wurz:

The Division of Child Care and Early Learning (DCCEL) has reviewed the contents and structure of the American Heart Association Heartsaver Pediatric First Aid course. We find that it meets all the requirements in our state regulations, and is suitable for use in training child care workers in the State of Washington.

This letter does not constitute an endorsement for your course, but merely states that the course meets the Minimum Licensing Requirements for WAC 388-295-1100. Child care providers have the option of attending the First Aid/CPR course of their choice.

If you have any further questions, feel free to contact Liz Egge at eggeeh@dshs.wa.gov or (360) 725-4681.

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Roalkvam".

Joel Roalkvam, Licensing Policy Administrator
Division of Child Care and Early Learning
